A COMPLETE UPDATE ON THE BUILDING OF THE EXCITING SOUTHEASTERN FREE WILL BAPTIST COLLEGE CAMPUS "Thrilling Opening This Fall"

On Friday, May 15, the papers were signed in the office of Parrish Realty Company in Raleigh, NC for the purchase of 60.86 acres in the amount of \$529,957.34. The deed was recorded and insured by title insurance.

The Building Committee voted to go with a bond program with AMI Securities for our long term financing. The following is a description of the bonds.

- 1) Amount of program, \$1,980,000 which includes the cost of doing the program.
- 2) First Mortgage Bonds with compound interest.
- 3) The bond issue will be IRA qualified which means IRA roll over at much higher interest than regular IRA.
- 4) Payback will be 15 years.
- 5) Interest rates to be somewhere between 8-12 percent, with variable rates depending upon maturity.
- 6) Investor insured which means your investment will be guaranteed safe.
- 7) Best efforts sale/with Broker underwritten. (This means all we do not sell, the Bond Company would sell for us.) The bonds will be available to whoever is interested.

The Building Committee has met and picked the colors for the exterior wall panels. The background color will be pearl gray. The accent color will be burgundy. These are our school colors and will make the campus very beautiful.

We have been informed that the site preparation is going to cost less than we had projected (projection was \$100,000). It appears it will cost around \$60,000. In addition, we will be able to sell good topsoil from which we expect to receive \$7000.

Many of you have been waiting for a time when Southeastern would launch a Campaign for Capital Improvement. Well, that time is here. We have undertaken quite a task. If you can, *please* send a special offering to the *Building Fund*.

We are underway to become incorporated within the state of North Carolina. We were incorporated in Virginia and are now changing over to a North Carolina incorporation.

Virginia and we are simply changing over to a North Carolina incorporation.

Southern Christian Academy has been contacted and their board has approved the rental of their gym on a weekly basis. This is an answer to prayer.

You will be glad to know that the offices located next to our property that is owned by Southern Bell have been rented to us for temporary office space. This gives us 7 offices and the possibility of 5 classrooms. Those of us who have been working closely with all of this feel this is a definite answer to prayer.

As many of you know, our property has an old house on it (at one time a very nice home). We first thought the previous owner was going to move the home but there is now a possibility that it could be released to us by July 15. If we can get this house and restore it, it would provide for us all the offices, classrooms and library space we would need to get started. The house will need some work, but structurally it appears to be sound and suitable for use.

At the present time, it appears that our costs are going to run higher than we had projected on our buildings per square foot. Both the dorms and the cafeteria have come in at just over \$40.00 a square foot. We have cut corners every place we could cut a corner and still have the kind of building that you will be

proud to have. We will be doing everything we can to keep the cost within the budgeted amount of \$1,980,000.00.

The parking lot has been graded and is ready for the gravel. The parking lot is capable of handling between 100-120 cars.

They are presently working on our main entrance into the campus. They did run into a little rock in the roadway, but all it required was a bigger machine. All the rock has been removed and they are putting the finishing touches on the roadway.

The steel is scheduled to be delivered to our property on July 9. The steel crew will be there on July 13th. It will take them 4 days to set the steel and put the roof on one building. It will then be ready for Precision Walls. It will take them 3 days to set the exterior partitions and dry the building in.

The pad for the Student Center and Music Building is nearly completed. They will be ready to dig the footings soon and everything will be go on this building.

We anticipate by the end of the National Association to have advanced as follows:

- 1) Land purchased (60.86 acres) at cost of \$529,957.34.
- 2) About all of the site preparation will be done by July 25.
- 3) We expect that all the electrical and plumbing to be in place and all footings poured by the end of the third week in July.
- 4) The main road and parking lot will be ready for the gravel and will perhaps be graveled by the end of July.
- 5) We expect that two of the dorms will have the steel erected, roofs on and outer walls in place.
- 6) We expect the steel for the other two dorms to be on site and partially erected or ready to be erected within three weeks.
- 7) We expect to have all our office furniture and dorm furniture moved and most of the office furniture in place and the dorm furniture stored for placement just as soon as the dorms are finished.
- 8) Our new address and phone number are finalized. All correspondence should be directed to the new address and phone number.

HELPFUL INFORMATION FOR YOUR RELOCATION TO THE NEW CAMPUS AREA

A great host of our married students have already relocated in the Raleigh area and have found rental property very reasonable. The job market has also proven to be very healthy for our students.

If you are planning on moving into the area, you may want to contact the following people for rental property. Also listed is the approximate cost and other information concerning what is available.

Contact Gene Driver (919) 365-6001 about the following:

Knightdale Manor or Knightdale Manor East:
2 bdrm, stove, refrigerator, dishwasher, curtains, washer/ dryer hookups, water and utilities not included, \$295.00 (\$200 deposit).
3 bdrm, stove, refrigerator, dishwasher, curtains, washer/dryer hookups, water and utilities not included, \$320 (\$320 deposit).

Maple Court (Wendell): 2 bdrm, stove, refrigerator, dishwasher, curtains, washer/dryer hookups, water included, utilities not included, \$250 (deposit \$250).

You may also contact Lois Underhill, Parrish Realty, (919) 365-5000.

NEW CAMPUS TO OPEN THIS FALL

Southeastern Free Will Baptist College will definitely open on its new campus sometime in late September. *ALL* of our correspondents, friends, students and prospective students will be given the exact date well in advance of opening day.

Pastors, parents and students are all urged to plan to meet us on the new campus of Southeastern College at 532 Eagle Rock Road, Wendell, North Carolina (near Raleigh) this fall. If you have questions, please call or write.

Please Note

Effective immediately, Southeastern's new address and telephone number is:

Southeastern Free Will Baptist College
P.O. Box 1700
532 Eagle Rock Road
Wendell, NC 27591
