IN RETROSPECT

As one looks back over his past life no doubt there are a number of changes he would make if it were possible to do so—changes that he feels would have been for the better. Perhaps this could be said not only of individuals but also of institutions such as Southeastern.

When one reflects over the short history of Southeastern, he must do so with awe and amazement. The hand of God has been so evident in the development and growth of this new and exciting ministry. The putting together of a faculty and staff with the practical experience, knowledge and skills to train young people "to know Him and to make Him known" has been nothing short of a miracle.

Student enrollment from the outset has been a thrilling thing to see. There were over seventy students our first semester and last year it climbed to over two hundred. God has sent to us some of the finest young people I have ever met and worked with—young people who care about others and want to do something for God.

God's leadership and guidance in providing for us a new campus this year has been a source of real rejoicing to many hearts. Purchasing land, getting permits to build, constructing buildings, borrowing the necessary funds, placing \$1,890,000 worth of bonds, getting everyone and the college moved and set up ready for operation has provided moments of rejoicing and amazement though many hours of hard and agonizing work has gone into this endeavor.

Sure there would be a few things done differently if it could be done over, but God has led and He has led us in the way He wants us to go for which we give Him all the praise and glory. As expected, our enrollment dropped this year mainly because of the move. We expect to see a consistent climb in enrollment during the next few semesters as we continue to get established in our new location and in a heavily populated Free Will Baptist area.

We have had a number of people to inquire and even enroll who are local residents. The other day a young man came by who will be graduating this year from North Carolina State with a political science major. He believes that God has called him to preach and will be attending Southeastern this fall to prepare for the ministry. There is no doubt that interest is building in this area for the type ministry we are offering Free Will Baptist young people.

Our future is as bright as the promises of God. We believe God has many great things in store for us as we seek to train preachers, missionaries, Christian school teachers and other Christian workers for His service.

Southeastern could not have accomplished all that has been accomplished without the faithful, financial and prayerful support of many friends. That alone has been a miracle. We appreciate these people and pray that God will continue to use them to meet our ever growing needs.

1988 COMMENCEMENT

A.B. Brown

Southeastern Free Will Baptist College is pleased to announce the commencement exercises for our 1988 graduating class.

These services will be held May 26, 1988, at 10:00 a.m. in the auditorium of First Free Will Baptist Church, Raleigh, North Carolina.

Rev. A.B. Brown, Chairman of the Department of Theology and Languages at Southeastern, will be the speaker. Mr. Brown was on the original Board of Directors of Southeastern and has been with the college as professor for the past five years.

We want to invite all of our friends as well as the parents, relatives and friends of the graduates to attend.

THANKS SENIORS!

The senior class at Southeastern recently presented the college with a new PA system. The presentation was made by the senior class president, Jim Fairchild, to Dr. Ange in one of our chapel services.

Our sincere appreciation is extended to our seniors for helping to meet our college needs.

A FRESHMAN SPEAKS

Even though I am just a freshman, Southeastern has already made an impact on my life. Not only have I been impressed with my teachers and the many friends that I have made but being here has helped me to realize the need to draw closer to the Lord and to pursue His will for my life.

The teachers have helped me realize that a senior coming out of high school does not know everything. The teachers (which I consider "friends") and my friends have really made my stay here incredible.

SECOND MILE PROGRESSES APPRECIATION SUPPER SET FOR CONFERENCE

Evangelist Van Dale Hudson reports that response has been good to the SECOND MILE CAMPAIGN. The goal of this fund raising effort is to enlist 2500 people who will give \$120 for 1988 either by checkbook or immediate contribution. A brochure describing the campaign has been widely distributed and will be available throughout the year.

Special recognition of SECOND-MILERS will be observed at the Spring Conference, April 3-6, climaxing with a complimentary supper for all SECOND-MILERS present at the conference on Tuesday. Opportunity will be given during the conference to sign up as a SECOND-MILER. Every friend of the college is urged to participate. These funds are used to underwrite the cost of the newly constructed buildings on campus.

FIRST CHURCH PRESENTS BUS

The First Free Will Baptist Church of Raleigh, North Carolina, recently presented to Southeastern a 1977, sixty-six passenger school bus in excellent condition. Pastor Randy Cox and several of the men in the church had been working on the project for several weeks.

The bus will be very useful in transporting our students to various functions.

"THE TIMOTHY PROGRAM"

A Boost for Your Church During the Summer Months

Southeastern wants to help not only our students but the establishment of local Free Will Baptist churches in various ministries. We do this through "The Timothy Program."

The Timothy Program is designed to equip ministerial students with as much on the job training as possible before he graduates and enters a local church ministry of his own. Juniors, seniors and specially approved sophomores are encouraged to take opportunities offered them to work closely with a pastor for 10 weeks during the summer.

Along with the program requirements, Pastors can use the intern to aid in a number of ways such as youth work, bus ministry, junior church, etc. The pastor lends his expertise and influence to the development of the young man as he works closely with him.

If you are interested in such a program, call the college at (919) 365-7711 or write Rev. D.L. Dwyer, Timothy Program, PO Box 1700, Wendell, NC 27591.

ARE YOU THE ONE WHO CAN HELP?

Is it possible that you can contribute to the training of "preacher boys" in homiletics class? Or could you assist the college in developing public speakers? Are you the one Southeastern needs as a partner in producing quality Christian school teachers?

If you have an "old style" video camera with the accompanying portable VCR that you are not using or have replaced, the answer is YES! Southeastern *needs* at least two of these units to help with instruction in the aforementioned areas. Preacher boys, future teachers, speakers would be able to review their presentations and realistically look at their strengths and weaknesses.

If you can help us in this matter, please bring this to the conference when you come.
