

The

Southeastern Standard

"I will . . . set up my standard to the people." Isalah 49:22

VOLUME 1

JULY 1985

NO. 2

On May 27, 1982, I was elected president of Southeastern Free Will Baptist College. At the time, we had about \$1,000.00, a vision, and a holy resolve. We also had unrelenting, highly vocal, very visible, and well-financed opposition. However, God had a work He wanted done.

We set out carefully putting together a curriculum we believed God would best use to develop servants for His work. We began to prayerfully select and contact people who had done a work for God. God put together a faculty second to none. After 15 months of preparation, we opened college in August, 1983, with 89 students. God gave us a glorious first year. Since then, He has continued to add the same caliber of people to the faculty each year of operation. As we prepare to open for our third year, God has again met our faculty needs in the same manner.

God located us at Gateway Free Will Baptist Church, Virginia Beach, Va. This thriving, soul-winning church is where our students get their "boot training." They see and are part of a church that through its ministries demonstrates love and compassion for people. Right away they put into action in a local church what they study in the classroom. They become involved with people.

God has brought us from a budget of \$325,000.00 to \$611,000.00 for the '85-'86 school year. We need more support than ever before from local churches. We have sought to always honor the place of the pastor as God's leader for His local church. We do not want to add pressure to that pastor. We want to help him carry his burden. We have sought to manifest a giving spirit.

My resignation as president of Southeastern is effective the last day of July. I will have served 3 years and 2 months. It has been a joyous tenure. I know the college will continue to grow under the able, dedicated leadership of Dr. Joe Ange, a man with a soul-winners' heart and a genuine love for every pastor. No one among Free Will Baptists has loved and sought to be a help and a blessing to preachers as Dr. Ange. To him,

our able faculty and staff, and to the students God will continue to send, I give my full support.

May we know the anointing of our God as we fervently continue to exalt Him in a world that so desperately needs Him.

— Dr. H. Randolph Cox

TRAINING FOR BATTLE

The need for a standard among God's people arises because of the spiritual warfare believers face daily in their walk with Christ. In a day when an uncertain sound emanates from various quarters and the people are unprepared for battle, Southeastern Free Will Baptist College seeks to raise a standard and call young men and women to battle for Jesus Christ.

A major part of our task is that of equipping young people for the conflict they will face in the service of God. In the conflict of spiritual values and competing claims, confusion often exists as to the cause for which we fight, the enemy we face and the weapons which we use. As a result, the ranks are broken and scattered and casualties are many times high in the work of God. At Southeastern we are training young champions who know the foe, are alert to the issues that are facing our churches and are not fearful in the day of battle. We realize that we are "born for battle" and thus must be prepared to enter the fray and be victorious for Jesus Christ.

With William F. Sherwin we therefore say,
*"Sound the battle cry! See the foe is nigh;
Raise the standard high for the Lord;
Gird your armor on, Stand firm everyone
Rest your cause upon His holy word."*
