

SHOULD I SUPPORT SOUTHEASTERN FREE WILL BAPTIST COLLEGE?

Have you answered this question in your mind? Will you think with me for a few moments as to why you should support this work of the Lord. Southeastern was founded to help fill a great need in our beloved denomination. We believe that God, in His providence, has called us into existence to meet a real need in preparing laborers to help reap this perishing harvest. Our blessed Lord said, "Pray ye therefore the Lord of the harvest, that he will send forth laborers into his harvest." We, at Southeastern, are committed to help train these laborers to go into all the world proclaiming the "Old Redemptive Story."

If you want your young folks trained in an atmosphere of strong Bible preaching, you should support Southeastern. Our students hear eight sermons each week. We have an hour chapel each day with a different preacher preaching under the anointing of the Lord. Our pastor, Bro. Burden, preaches three times each week.

If you want your young folks trained in personal soul winning, you should support Southeastern. All of our students must be involved in the soul winning ministry of this local church. They will get experience in door to door visitation, regular church visitation, bus visitation, military visitation, and every other part of this multi-ministry church.

If you want your young folks to be trained in a college that has strong convictions and standards to live by in these perilous days, you should support Southeastern. Believing that our message is no stronger than our convictions, we demand of all our staff and students a life style that demonstrates our separation from the worldly living that has invaded our homes and churches.

If you want your young folks to be trained as Christian school teachers, you should support Southeastern. At Gateway Free Will Baptist Church, where we have our college, we have opportunities in on the job training for all phases of Christian education, day care through high school. For those who are going to be teachers, they have it all at Southeastern. Nothing takes the place of on the job training.

My dear friend, we believe that you want to support a college that is dedicated to training your young folks to live and serve in this generation. Will you pray for us and as God leads you, will you help us financially in this great ministry?
