SOUTHEASTERN GRADUATES EIGHTEEN

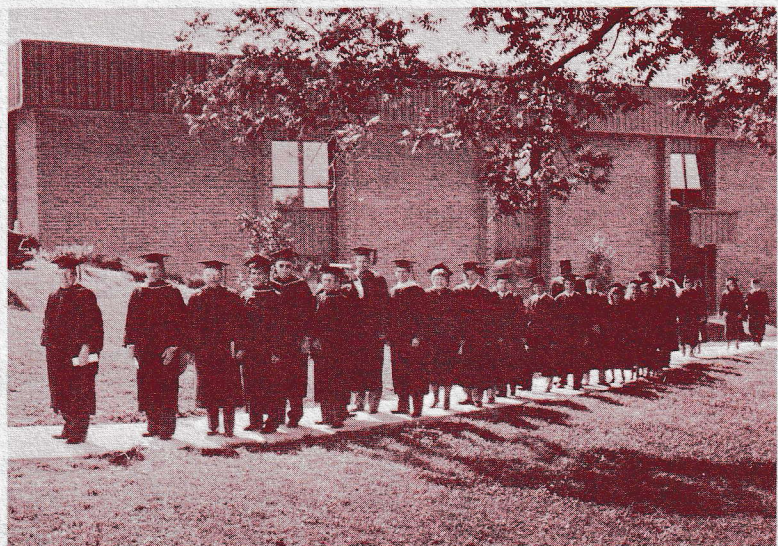

Southeastern Free Will Baptist College held its fourth graduation May 26, 1988, in the auditorium of First Free Will Baptist Church, Raleigh, North Carolina. The college graduated eighteen students from six states and Puerto Rico. Eight students received their Bachelor Degree in Biblical Studies, eight received the Bachelor of Christian Education and two received the Christian Worker's Bible Diploma.

Rev. A. B. Brown, professor of Greek and Theology at Southeastern, brought the commencement message. He challenged the graduates to set their course in life, determine that they are going to do God's will and be men and women who are leaders in a world that is destitute of leaders.

Five seniors graduated with honors. They were Kris Corbett (NC), cum laude; Raul Diaz (Puerto Rico), cum laude, Tim Odom (NC), summa cum laude; Jeff Pope (NC), magna cum laude; Laura Weatherford (SC), summa cum laude.

The Most Outstanding Student Award, which is voted on by the faculty and administration, was presented to Laura Weatherford from South Carolina.

Professor A. B. Brown was named the new Academic Dean of Southeastern relieving Dr. Lorenza Stox of one of his various responsibilities.

NEW PROGRAMS BEING OFFERED
(Details Inside)

NEW PROGRAMS

In keeping with our original commitment, that all truth is God's truth, and a genuine desire to minister to the needs of our people, Southeastern is glad to announce the expansion of its programs in the areas of Business and Teacher Education.

One of the reasons for the excitement over the Teacher Education Program is that it will help fill a long standing need within the Christian school movement. It has been a difficult task for years to find teachers qualified to teach on the high school level, especially in the vital areas of math, science and English. The inauguration of the new Teacher Education Program this fall will enable Southeastern to train teachers with proficiencies in social studies, science, physical education and athletics, Bible, math and English.

Any principal will be thrilled to know that he will be able to employ a Free Will Baptist teacher to minister in these areas who was trained in a Free Will Baptist institution. However, the added blessing is that, not only will they be competent to teach in these areas, they will also have the right philosophy toward Christian education and ministering in the local church.

The new Business Program will be a two year program offering an Associates of Arts Degree. The program will include two tracts, Business Accounting and Secretarial Training. The program will involve sixty-five hours with forty in business and twenty-five in core classes. The core classes will involve some basic Bible courses along with the basic courses of English and speech.

The program is designed to provide a comprehensive introduction and foundation for all aspects of the field of business including computers and word processing. Accounting will provide studies foundational to all accounting systems. Organizing and implementing bookkeeping systems for churches and church schools will also be taught. Advanced accounting will include computerized accounting. The program will be broad enough to include business law, auditing accounting and taxation, office procedures and business communications.

If all truth is God's truth, and it is, then every serious Christian ought to desire to obtain his training in an atmosphere which will educate the heart as well as the head. America needs business people who are also Christian business people. Southeastern seeks to help fill that void.

NATIONAL ASSOCIATION SUPPER CHANGED

For the past several years Southeastern Free Will Baptist College has sponsored a meal at our National Association. It has been a joy and blessing to be able to treat our many friends during these times. We will **not** be sponsoring a meal this year.

Rather than having a meal at the National, we will be sponsoring a meal during our annual Conference on Revival and Soul Winning, April 2-5. The meal will be Tuesday afternoon, April 4. We want to invite everyone who can possibly come to this great time of fellowship. You will certainly not be disappointed.

Please come by our booth at the National and give us an opportunity to share with you all God has done for us.

OPENING OF SCHOOL

Southeastern Free Will Baptist College will begin its sixth year of operation August 29 when the dormitories open at 10:00 a.m. The opening convocation will be held at the First Free Will Baptist Church, Raleigh, North Carolina, 7:00 p.m. with Dr. Joe Ange, President of Southeastern, bringing the opening message. Enrollment for our fall semester is looking real good. With the initiation of two new programs and all the major changes on campus, we are excited about the new year and all God has in store for us.

CAMPUS PROJECTS UNDERWAY

The beautiful Patti Lee house on the college property is receiving an overall renovation which will beautify the outside and make the interior servicable for administrative offices. This building, when finished sometime in August, will be one of the most beautiful spots on the campus. The contractor is already at work, the sub-contracts have been let and the roofer will begin to put the new roof on June 30.

Before this issue of the STANDARD reaches you, a softball and soccer field will be well under construction. Plans for building a double tennis court are in the initial planning stages.

By the time college opens August 29, every dormitory will be equipped with electronic security devices for the further protection of our students.

Also, the entrances to the college will be equipped with attractive gates to regulate the flow of traffic on and off the campus late at night.

In addition to the above, an electronic bell system is being installed to regulate class and chapel attendance.
