Should We Care About Quality?

Many of you will remember the advertisement on TV several years ago about "Charlie, the Tuna." Their slogan was, "We don't want tuna with good taste, we want tuna that tastes good!" You know what they were talking about. They were talking about "quality"--they were talking about being the best!

All across the country Christian schools and colleges are gearing up for a new year. Often, those in the secular world criticize such ministries as being inferior or sub-par in their performance. While there are always a "few" examples our accusers may point to, generally speaking their accusations of being inferior are just not true.

Those of us in Christian ministries must become concerned about having "quality" programs and ministries. This is not to say we haven't been. However, it must remain a "constant" with us.

What is "quality?" The dictionary states it is "character with respect to excellence." In our framework we are speaking of excellence in the area of the

spiritual, academics, social, and physical.

The secular world strives for "quality." They do it in their own way, but they certainly strive for it. Honestly, I am glad they do! (I am thankful for quality clothing, appliances, etc.)

Certainly if the world strives for quality then we who are representatives and servants in the Lord's work, the greatest business in the world, should strive for quality!

What is quality? May I remind you of what quality is not: 1) It is not buildings and facilities. 2) It is not curriculum. 3) It is not having a large number of students, or for that matter, a small number of students. 4) It is not just being "Christian" in name. 5) It is not a faculty and staff.

What then is quality? Quality is an attitude. It is a state of mind. Thus, it is a philosophy. Your attitude or philosophy toward your own work determines the quality of your work and measure of

success you enjoy.

What are you willing to settle for? Better yet, what are you settling for? What kind of pastor, associate, principal, teacher, coach, professor, secretary, etc., are you? Do you have an attitude of doing "just enough to get by," or an attitude that strives for quality?

Wherever you are and whatever you are doing should be done with the attitude that I am going to be the "best" this ministry has ever had. If this kind of attitude is displayed, word gets out, our ministries begin to grow, benefits are reaped, not only from a monetary standpoint, but also product-wise and quality-wise.

I am afraid we settle for "mediocrity" far too often in our ministries. Those of us in full time Christian circles should be reminded that these ministries are our "livelihoods." We should do

SOUTHEASTERN ENROLLMENT UP 13%

The fall semester is off to a great start at Southeastern with an increase in enrollment of 13% for which we PRAISE THE LORD!! For the past three years the enrollment had been on a down swing of 9-14%. But with the extra efforts and diligent hard work of our promotional department, others on staff, and our traveling groups, the pendulum is on the up swing.

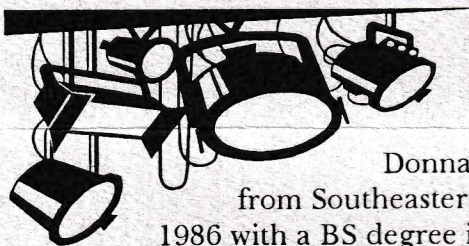

The total enrollment for the fall is 108 with 51 new students (freshmen and transfers). The dorm student enrollment is up 16% as well with 36 men and 42 women giving a total of 78. The enrollment for full-time students stands at 92 with 16 enrolled part-time.

LEAVING ALL TO FOLLOW HIM *Missions Conference 1994* October 20-21

The theme for our Missions Conference, *Leaving All to Follow Him*, needs to be reborn in our lives. Seeing the harvest fields so ready to be harvested and the labor force growing smaller, we must have a renewed urgency in reaching the world for Christ. We cannot call in migrant workers to work in this harvest field. God has ordained that the harvest be brought in by His children, but His children are pursuing worldly fame and pleasure and are neglecting the harvest of souls who are dying and going to an eternal Hell.

We are confident that God is sending us some wonderful speakers for this conference. Representing the needs of the foreign fields will be **Rev. Dale Bishop**, missionary to Japan. Dale has had an unusually fruitful ministry winning Japanese men to the Lord. **Rev. Cliff Donoho**, home missionary to Iowa, will challenge us with the needs of our blessed homeland. Believing that the church is God's plan for reaching the world, we have invited a missionary minded pastor, **Rev. Doug King**, pastor of Cramerton FWB Church, to speak to our hearts about getting our churches involved in reaching our communities and the world for Christ. From the very beginning Southeastern has had world missions as one of its priorities and we must never lose that vision. **Rev. D. L. Dwyer**, vice president and professor at Southeastern who has a warm heart for missions, will reaffirm our concern for reaching the world for Christ. Mark the dates of **October 20-21** on your calendar and make every effort to come and enjoy the conference.

service.

The Promotional Department would like to thank the many pastors and church families for their gracious hospitality. The ensemble members were treated "royally" by good Free Will Baptist people throughout the nation. The good food and fellowship will make the summer of '94 one that will be remembered by everyone.

We have several new freshmen on campus as a direct result of summer tour. The response from pastors has been tremendous! Here are just a few remarks from some of the responses we received:

our best. It is a reflection on us and our Lord when we don't do our best.

Ecclesiastes 9:10 says, "Whatsoever thy hand findeth to do, do it with thy might..." May that principle be the guiding principle of our lives, especially as it relates to our God-given ministries. I can assure you that is what I want for my church, church school, and Southeastern FWB College. We care about quality!
